 - ii. The Operational form will have an "address" line added for when you are requesting response feedback by the CAD number.
 1. The address line will allow a double check of the call number and location to ensure it is the correct location to avoid any misunderstandings for which call is being requested.

4. Chief Bergsten at PFA

- a. PFA held a change of command ceremony last week and welcomed Chief Bergsten and wished departing chief DeMint well in his next chapter of life.
- b. This change will not affect the NLCERA Contract and we will continue to update you all regarding Chief Bergsten's vision for EMS at PFA.
- c. We encourage each of you to reach out to Chief Bergsten to become acquainted and discuss the NLCERA from your point of view.

5. NLCERA EMS Compliance for May, 2021
